hush COLLECTION — for — *Sleepyhead*

the ultimate in luxury

Crafted with indulgent natural fibres like Alpaca, Silk and New Zealand Wool to deliver a sleep experience that is pure bliss.

LUXURY

TEMPERATURE CONTROL

WOOL & SILK FUSIONGEL® PILLOW

Combines luxurious natural fibres and proven technology to provide the ultimate in luxury and temperature control.

A moulded core contains a unique formulation for head and neck support. Ventilation allows airflow and added breathability and gel particles to help provide a cool sleeping surface.

The moulding process gives pin point accuracy in creating a foams feels allowing us to find the ideal feel for head and neck support.

Wool and silk blend surround provides a breathable surface with moisture absorbent active fibres that react to changes in your sleep environment, helping to regulate temperature and keep you warmer in winter and cooler in Summer.

With moisture wicking properties, more absorbent than cotton and softer than silk, a soft, sheer 300 thread count Tencel® cover helps to provide a cooler, fresher sleep surface.

RRP \$299

- PROFILES:** Classic
- SIZES:** Plush High 68cm (w) x 40cm (d) x 15cm (h)
Plush Mid 68cm (w) x 40cm (d) x 13cm (h)

Sleepyhead

the ultimate in luxury

Crafted with indulgent natural fibres like Alpaca, Silk and New Zealand Wool to deliver a sleep experience that is pure bliss.

LUXURY

TEMPERATURE CONTROL

ALPACA DUVET

Combines luxurious natural fibres and proven technology to provide the ultimate in luxury and temperature control.

Renowned for holding warmth yet incredibly breathable, Alpaca is an extremely delicate fibre and that also provides a very soft, luxurious feel. Wool provides a breathable sleeping environment with moisture absorbent active fibres that react to changes in your body temperature.

With moisture wicking properties, more absorbent than cotton and softer than silk, a soft, sheer 300 thread count Tencel® cover helps to provide a cool sleep surface.

RRP S \$230 D \$250 Q \$280 K \$310 S/K \$330

- WEIGHT:** 500gsm
- SIZES:** Single, Double, Queen, King, Super King
- 70% Alpaca fibre fill & 30% JOMA high lofting wool
 - Sateen binding
 - Ultra-fresh protective treatment

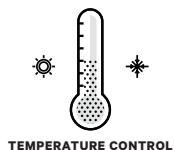

WARRANTY: 5 Years

24/7 COLLECTION — for — Sleepyhead

keep cool all night long

Created with Tencel® and ventilated FusionGel® technology to help dissipate heat and maintain a cool, consistent sleep environment.

TENCEL® FUSIONGEL® PILLOW

Combines a ventilated, moulded, gel-infused core made from the best supportive memory foam technology with temperature balancing materials.

A moulded core contains a unique formulation for head and neck support. Ventilation allows airflow and added breathability and gel particles to help provide a cool sleeping surface.

The moulding process gives pin point accuracy in creating a foams feels allowing us to find the ideal feel for head and neck support.

With moisture wicking properties, more absorbent than cotton and softer than silk, a Tencel® case helps to provide a cool sleep surface. A soft, breathable fabric edging allows increased airflow and optimal breathability.

RRP \$249

matter what your needs.

LUXURY

TEMPERATURE CONTROL

TENCEL® COTTON SHEET SET

A soft, luxurious feeling product which has temperature regulatory properties to give a comfortable night's sleep.

The sheet set comes with a fitted sheet, flat sheet and either one or two pillow cases

The Tencel® cotton blend creates is a luxurious soft touch, moisture wicking and extremely breathable fabric.

Supima® is the trademark used to protect this quality cotton product. This cotton is 35 percent longer than upland cotton producing a smoother, softer yarn. In the case of cotton - a longer staple is a better staple. Twice as strong as regular cotton, Supima cotton resists pilling, breaking, and tearing and keeps its brilliance through years of washing.

Thread counts advertised in excess of 500 are often misrepresented by manufacturers in order to trick customers. They count not just each thread, but each ply spun together within each thread. As multi-ply construction is often used to strengthen lower-grade cotton, a super high thread count can actually indicate the presence of a lower-quality sheet.

An extra deep skirt allows it to easily fit all mattresses. A fitting indicator makes it easy to make your bed.

RRP S \$219, K/S \$229, D \$279, Q \$299, K \$329, S/K \$349, C/K \$379

TENCEL® WATERPROOF PROTECTOR PACK

A soft, sheer and breathable mattress protector with temperature balancing materials.

With moisture wicking properties, more absorbent than cotton and softer than silk, Tencel® helps to provide a cool sleeping surface with sheer, light weight feel.

A two way PU membrane, both breathable and waterproof, maintains increased protection with little to no effect on the mattresses feel and performance. Invisible protection.

A fitting indicator and extra deep skirt makes this mattress protector suitable for most mattresses.

Stain-proof Guarantee when used in conjunction with an eligible Sleepyhead mattress.

RRP S \$130, L/S \$150, K/S \$155, D \$160, Q \$175, K \$190, S/K \$ 210, C/K \$220
